LIGHTING

Transform Your Event with Stunning Lighting Solutions

UPLIGHTING

Millions of color options available through digital displays of red, green, blue, and white, our uplights offer endless possibilities. Custom-manufactured exclusively for DPC, they feature advanced 5-in-1 LED technology. These lights are powerful enough to illuminate ceilings up to 30 feet high and remain cool to the touch for safe, efficient use.

PINSPOTTING

Let your florals and centerpieces shine with our 10 watt LED pinspots or our golden flood pinspots. These illuminate the table in itself instead of the entire room as a whole. Can be rigged from the ceiling using existing light fixtures or on artificial tower anchors.

STRING LIGHTING

Elegant warm bulbs every 24" strung high above the reception site. Lights can be dimmed to fit the mood. Golden and colored bulbs available. Over 5,000 feet of string lights available. All reinforced with 1/8" steel cable.

GOBO LIGHTING

Black & White or Full Color Images can illuminate a dance floor or 20 story building with custom names, monograms, or company logos. Pattern and textured gobos can be used to enhance a theme or fill dead space in a venue.

MOVING HEADS

Our 500-1200 watt moving heads bring light, imagery, and movement together. Add one of our 1500 watt Haze machines and let the giant beams of vibrant light transform the evening and performance. These can also be used for game shows spotlighting a subject from 360 degrees.

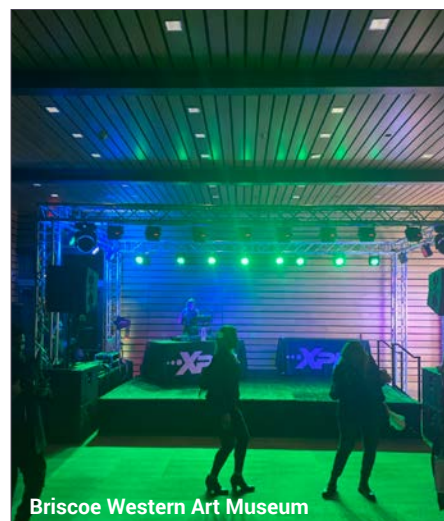

PATHWAY LIGHTING

Does your venue have a dangerously dark area or just want to add a little extra excitement? Illuminate a walkway or area with many different lighting options including LED rope lighting, string lights, uplights, tiki torches and more.
